**Our Daily for the Country.**  
We furnish to the country in all directions, where the facilities of a daily mail can reach, the Democrat at five dollars per year, payable in advance.

Geo. A. Craft, successor to L. & R. Brothers, General Advertising Agent, office 75 South Fourth Street, above Walnut, Philadelphia, is an advertising agent for the Democrat.

Should any carrier fail to deliver the Democrat promptly, word left at the office will remedy the neglect.

Five deaths by cholera are reported by the city clerk as having occurred last week in Natchez.

Thanks to Adams Express Company for a copy of the Cincinnati Commercial of Saturday, sent in advance of the mail.

**Notice.**—The piece which was to be given in Martin's woods, on Tuesday, 5th inst., has been postponed indefinitely.

**Disgraces.**—Those cherries sent to our office on Saturday evening by Mr. Fiske, the unprincipled proprietor for the Merchants' Exchange and the Horticultural Society.

**Deaths of New Orleans.**—We learn from the Daily True Delta, of the 28th, that the cholera deaths for the previous week were 212—other diseases 107.

**Delayed.**—The Nashville stage, that was due last night, at 5 o'clock, had not arrived at the city in the evening. It is supposed there has been a storm somewhere in the south-west.

**Snow.**—A millman reported in town yesterday, that there was snow on Saturday, out at the fair grounds. Cold as it was in the city we think he must have been dreaming.

**Cincinnati Herald.**—The Cincinnati Herald, of some of them, of Saturday morning, had the news of the accident on the Lexington & Lexington Railroad, which the Louisville Democrat published on the Thursday morning previous.

**Strife in Jail.**—The Pittsburgh Post of the 1st inst., says that Mrs. Constance Burke, about twenty-five years of age, confined in jail in that city as a vagrant, committed suicide on Thursday last, by throwing herself from the third tier to the stone pavement below.

**Our First and Fourth Pages.**—Read our first page. Letter from Edmondson County—Letter from St. Stephens, of Georgia—Proceedings of Board of Aldermen and Common Council—and an interesting miscellany—New York and New Orleans will both be worthy a perusal.

**Assistant of the Longview-Grandt Gar.**—A young man, a few days ago, shot through the arm, the discharge of a pistol that a CAPTAIN passenger had placed in his cap-pocket. Seeing the sad effect of his carelessness, the passenger presented the wounded man with two dollars—a poor compensation for the loss of an arm.

**Fire.**—Yesterday about one o'clock a fire broke out in a frame stable, situated on the alley in the rear of St. Boniface (Catholic) Church, on Green street, between Jackson and Hancock. The stable was entirely destroyed, and a part of the roof of a little tenement building adjoining. The stable was a small one.

**Concert To-Morrow.**—The concert tonight at Mozart Hall, promises to be one of the best that has been given in Louisville for many years. The talent of the performers, and the excellence of the pieces to be performed, are sufficient, or should be, to draw the largest house of the season. We hope to see the hall crowded, and shall be disappointed if it is not.

**Box Over.**—On Friday night a young boy about 14 years of age, while running with the Union Engine, to the fire, was tripped up by a plank, and fell in the track of the engine which passed over his head. He managed to get out of the way before the second wheel reached him. His hand was so run over. He was very much, although not seriously, injured.

**Melancholic Accident.**—After this heading in the St. Louis News of the 31st inst., that, on the 26th, near Centerville, Ill., Henry Dietrich, a youth of some sixteen years, in endeavoring to mount a horse in haste, slipped his arm—his foot became entangled in the traces—the horse took fright and dragged the young man some two hundred yards before he was released. On examination his spinal column was found to be broken; he lingered in great pain for hours and expired, without having spoken after the accident.

**Horticultural Exhibition.**—Notwithstanding the cutting wind and lowering sky of Saturday, Mozart Hall was filled with a delighted assemblage of earth's beautiful daughters, all delighted with the rich and rare profusion of fruits, flowers, and vegetables on exhibition. Some of the flower baskets, and longways were decidedly the handsomest we ever saw. What a delightful occupation it must be for beautiful innocent girlhood to speak its wholesome thoughts in flowering chrysanthemums.

**Flour.**—A FUSKY OFFICER. Yesterday, on Floyd street, a couple of native-born citizens had a fight, but one soon cried "quits," and the fight stopped. A police officer arrived in time to see the conclusion, but not belonging to that ward, we suppose he thought he had no authority to interfere. But a poor Dutchman was standing for 4 doors distant, with his coat off, looking on, and when this funny official ordered him to get out of his coat, he said: "Have you any authority to order me?" said the Dutchman. "Yes, I have," was the reply—and the foreigner went into his own house. Neither combatant was arrested or interfered with. "This is a great country, and no mistake."

**Few are aware how frequently publishers are compelled to insert against their advertisement, statements which they can neither substantiate or believe.**

A pleasant exception to this disagreeable necessity are the advertisements of Dr. J. C. AYER'S Cherry Pectoral and Pills, which will be found in our columns. We have published for him before, and always with the feeling that in so doing we were in no wise lending ourselves to deceive or mislead the public, for we have had indisputable proof that his remedies are strictly true, with abundant reason to believe that his medicines will do all they promise and all that can be reasonably expected from any remedy.

His Cherry Pectoral is too well known in this community to need any commendation from us, and his Pills are so credibly informed from our articles to his Pectoral—Providence Mirror, N. H.

**Dreadful Accident.**—George Gray, a little son of E. Gray, five or six years of age, on Saturday morning was playing on the basement window the step leading up to the house, when he fell head first, upon the iron fence, striking the sharp point in his head. The piece of iron was about three inches long, and it is supposed it penetrated as much as a minute before assisted. His brain was constantly coming out—most heart-rending sight. He was senseless at first, and only cried for a couple of minutes after being restored to consciousness. Drs. Fiske and Gross were called in, and their opinion was that the case was a fatal one. After being dressed and washed he lay perfectly quiet, apparently unconscious.

The little boy died yesterday morning. He was a bright, interesting child, and the loss is severe upon the dejected parents.

**Land Slide.**  
Owing to the heavy rain of Thursday night, quite an extensive body of clay slid on Saturday morning, on the corner of the Lexington & Lexington Railroad, at this place, the cars were unable to pass, but will, Monday next, make connections at that place; after which they will make their regular trip through trip—Cin. Columbia, 34.

RIVER AND WEATHER.

**Particular Notice.**—Boats arriving in port after dark, on Sunday, or on Monday, will confer a favor on us and the public by sending us a copy of manifest. They should notify by it as we are unable to make our river news full and reliable.

There were yesterday morning, at 10 o'clock, five boats in the river, the water level at seven inches below Friday evening. At 10 o'clock, last evening, there were five feet five inches in the canal, and about three feet six inches on the falls.

The weather, on Saturday, was blizzard cold all day, with fast, heavy showers and rain over the city. Yesterday morning was beautifully clear. At nine last night it was raining again. Strange weather. Saturday thermometer at 10, Sunday, noon, at 34, and cold again last night.
